Drawbacks for without having Guidance

➤ Lack of Knowledge about current level of competition opportunities in various fields.

➤ What? When? How to start?

➤ Unavailability of sources like courses, study materials

➤ Lack of knowledge on current opportunities in the specified field

What's in this

➢ Personalized guidance by the experienced students in that college and Alumni

➢ Alumni will be sharing their knowledge on the specific field they chosen

➢ Study materials, websites for various aspects are suggested
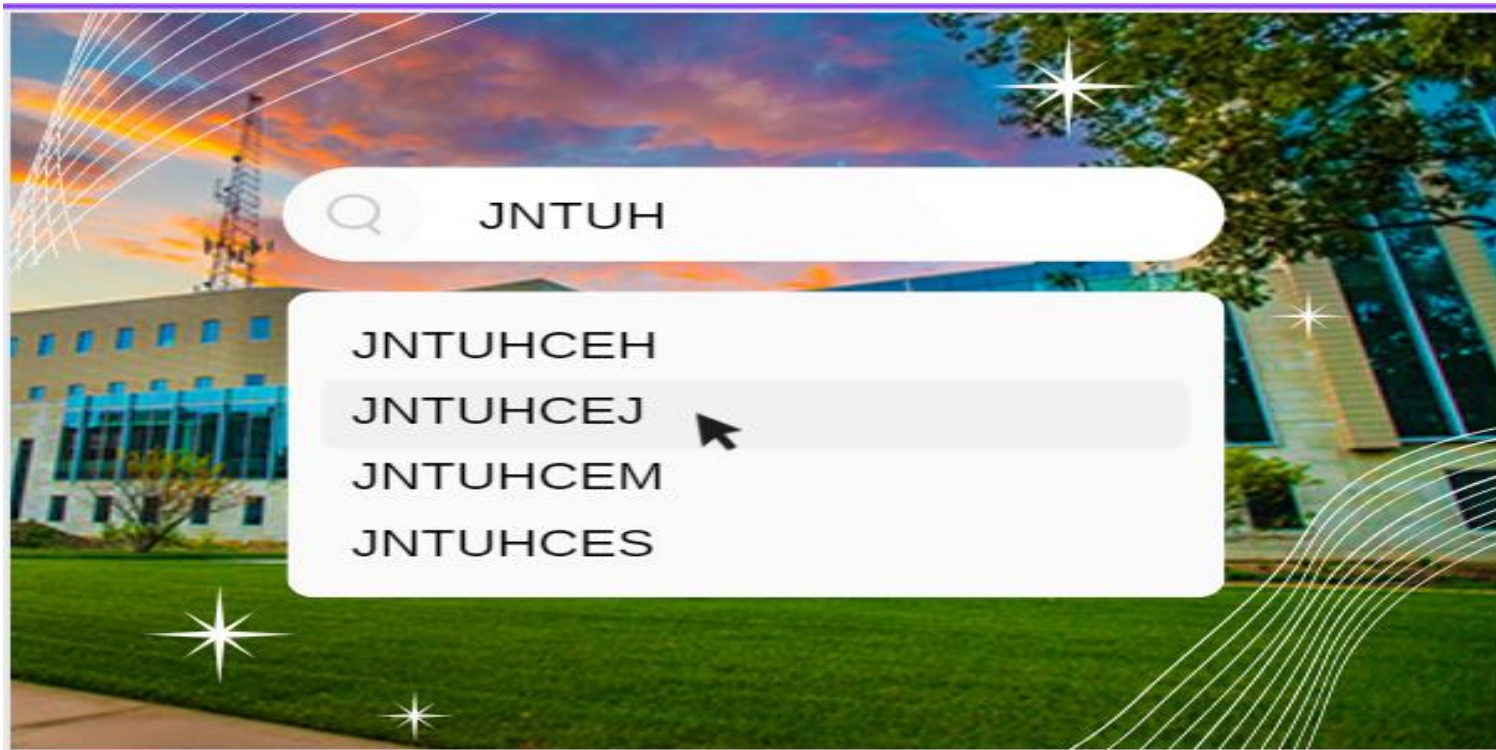

➢ Facility to connect with seniors in different fields

How app starts

What's in this

- Here guidance will be given from the alumni and experienced panel members from the respective college to the registered student

What's in it

- Initially student selects their respective college then student need to sign in (single user), where they need to mention mail-id, Roll number, and set password

SIGNIN PAGE
